

Response to the Queries / Questions Raised and Suggestions Offered by the Prospective Bidders After the Pre-Bid Meeting held on May 13, 2025 pursuant to the Requests for Proposal dated May 1, 2025 for the Establishment of Primary and Secondary Solid Waste Collection System for District East (Municipal Jurisdiction), Area, Karachi, Sindh, Pakistan

All capitalized terms used herein unless defined otherwise will have the meaning given to them in the RFP

May 26, 2025

S. No.	Clause Reference to RFP	Specific Clause	Bidder Name	Bidder Question	Response
1	13.1	The Bidder shall furnish, as part of its Bid, a Bid Security equivalent to 1% of the Bid Price (the "Bid Security"). The Bid Security will be split into two bid securities, one in the amount of PKR 10 million to be submitted with the Technical Proposal (the "Preliminary Bid Security") and the differential/balance amount shall be submitted with the Financial Proposal (the "Second Bid Security").	Nisar Jan & Co	Could you please confirm whether the Bid Security is calculated as 1% of the Bid Price for a single year or for the entire 9-year period? If it is 1% of the total project cost, the amount would be excessively high to remain tied up with banks for up to 5 months. It is recommended that this be reduced to 1% of the annual bid amount.	<p>Bid Price" means the present value (calculated @ 12.48%) of the O&M Cost, calculated as the product of each year's O&M Fee quoted by the Bidder for the 9 years of the Operations Period.</p> <p>As per SPPR 2010, clause 37(1), the procuring agency shall require the bidders to furnish a bid security not below 1% of the bid price. The procuring agency has already set the bid price at the minimum requirement.</p> <p>NO CHANGE</p>
2	14.1	10 days prior to the expiry of the Bid Validity Period, the Bidder shall issue another payment security equivalent to 1% of the Bid Price (the " Pre-Performance Security ") which shall be valid for 150 days from the expiry of the Bid Validity Period (the " Post-Bid Validity Period ").	Nisar Jan & Co	Please clarify what is Pre Performance Security, Why it is required in addition to Bid Security?	A bid security is required for the bidding process. Whereas a pre-performance security is required from the winning bidder to cover its performance obligations during the Development Phase and will replace the bid security.
3	Annexure A - Experience Pg67	Bidders must provide performance certificate from the employer in performing similar services or sanitation services for all contracts during the last 3 years. The	Nisar Jan & Co	Here in case of consortium only lead partner will fulfil this requirement?	In case a Bidder or in case of a consortium, each consortium member of the Bidder, has undertaken prior work, which it has submitted for the purpose of evaluation pursuant to Annexure B -

		performance under the contracts must be of Integrated Municipal Solid Waste with at least 1 operational Material Recovery Facility (MRF) of 100 tons (minimum semi-automatic facility). If a Bidder has poor performance in any of the certificates, the Bidder will be disqualified and will also be disqualified if the Bidder intentionally misrepresents or hides such projects where the performance has been poor. The Employer may require further information in connection with the performance certificates.			Technical and Financial Evaluation and Qualification Criteria, with a partner/ firm on a joint venture/ consortium basis, marks against such work will be allotted based on percentage of the Bidder in the overall consortium/ joint venture, as per official documentation.
4	Annexure B 1.3 Pg 69	Equipment capabilities Should own or have managed Compactors, Arm Roll Trucks, Loaders, Excavators, Mini-tippers and Flatbed trucks for at least 5 years, as part of municipal solid waste management operations for 500 – 5 Marks. For each additional equipment, 0.05 mark shall be awarded, capped at 15 marks.	Nisar Jan & Co	This implies that to achieve 70% of the marks, equivalent to 10.5 marks, a minimum of 610 vehicles must be provided—a significantly large fleet requirement compared to the scale of the proposed project.	NO CHANGE
5	Annexure B 2.1 Pg 70	Number of years in Integrated Municipal Solid Waste operations (No. of effective years considered for evaluation will be ones where the Company must have managed municipal solid waste equal to or in excess of 3,000 tons per day)	Nisar Jan & Co	Kindly reduce the daily limit from 3,000 tons to 1,000 tons, as there have been no local projects of that scale in the past 7 to 10 years.	NO CHANGE
6	Annexure B 2.3 Pg 70	Number of similar assignments completed/in progress by the Bidder in the last 10 years in cities/districts/ provinces/ any other locality with justifiable and provable demarcation and population, with population of > 1 million. For 6 Cities : 2.5 Marks	Nisar Jan & Co	The evaluation criterion based on the number of cities worked in should either be replaced with the number of projects completed or, alternatively, at least one mark should be awarded for each city.	NO CHANGE

7	Annexure B 2.4 Pg 71	Number of similar assignments with Capex/Investment in excess of USD 15 million in last 10 Years 2 assignments for 2.5 Marks	Nisar Jan & Co	This requirement, along with others, clearly suggests that the tender is intended for international companies only, as no local waste management projects of such high financial scale have ever been awarded. These criteria should be adjusted in line with local past and current project standards.	NO CHANGE
8		List of minimum resources including tools & equipment.	Nisar Jan & Co	Kindly provide a list of the minimum required quantities for all machinery, tools, and equipment necessary for the execution of this project. These aligned resources should form the basis for competitive bidding.	It is to clarify that the Request for Proposal (RFP) provides indicative tonnage figures and suggested machinery allocation for each waste stream to serve as a reference framework . This is not a fixed-quantity RFP where SSWMB specifies the exact number of machines or tools. In line with the project's performance-based approach, it is expected that each bidder shall develop and submit their own operational plan , which must be technically sound and fully aligned with the indicative parameters provided by the client in the RFP. The proposed plan should demonstrate the bidder's capacity to efficiently execute the scope of work using appropriate resources, tools, and equipment in accordance with the waste characteristics and volume projections specified.
9		Consortium Members	Nisar Jan & Co	Limit of consortium members is max 3 or 4 ?	Total consortium members should be 4 including a lead member / bidder.
10		Bid Opening June 03,2025	Nisar Jan & Co	Please extend the deadline for 45 days as it will enable all bidders especially foreign entities to attest documentation and to have	Response time is 30 days in accordance with SPPRA Rules. NO CHANGE

				sufficient time to survey & prepare Bids accordingly.	
11	ITB 2. Eligible Bidders	2.1 For the purposes of the Bidding Documents, a Bid may be submitted by a single entity or as a consortium / joint venture formed by a maximum of three entities.	Hangzhou Jinjiang Group Sanitation Services Company (Private) Limited	2.1 Can Owner accept the modification to "For the purposes of the Bidding Documents, a Bid may be submitted by a single entity or as a consortium / joint venture formed by a maximum of two entities. "	Please refer to response at s.no. (9) above. NO CHANGE
12	ITB 2. Eligible Bidders	2.2 Where the Bidder is a consortium, no person shall be a member of more than 1 (one) consortium and the consortium shall not comprise more than four members. Further, where a person is participating as a member of a consortium, it shall not be eligible to qualify as a Bidder on its own.	Hangzhou Jinjiang Group Sanitation Services Company (Private) Limited	2.2 Can Owner accept the modification to "Where the Bidder is a consortium, no person shall be a member of more than 1 (one) consortium and the consortium shall not comprise more than two members. Further, where a person is participating as a member of a consortium, it shall not be eligible to qualify as a Bidder on its own."	NO CHANGE
13	IT B2. Eligible Bidders	2.6 Where the Bidder is a consortium, the Bid must identify the Lead Bidder, which is duly authorized (to the satisfaction of the Employer) by all other consortium members to act and deal with the Employer on their behalf in connection with the Project and to sign the Agreement if the consortium is the Successful Bidder and to incur any and all liabilities, receive instructions, give binding undertakings and receive payments on behalf of the consortium. Lead Bidder will be required to score at least 60% of the combined score of the consortium w.r.t Technical and Financial Evaluation and Qualification Criteria scoring, pursuant to Annexure B. In case the Lead Bidder's evaluated individual score is less than 60% of the combined score of the consortium w.r.t	Hangzhou Jinjiang Group Sanitation Services Company (Private) Limited	2.6 Can Owner accept the modification to "Where the Bidder is a consortium, the Bid must identify the Lead Bidder, which is duly authorized (to the satisfaction of the Employer) by all other consortium members to act and deal with the Employer on their behalf in connection with the Project and to sign the Agreement if the consortium is the Successful Bidder and to incur any and all liabilities, receive instructions, give binding undertakings and receive payments on behalf of the consortium. The Bid Security shall be submitted by the Lead Bidder on behalf of the consortium or by each member of the consortium according to their respective	NO CHANGE

		Technical and Financial Evaluation and Qualification Criteria scoring, pursuant to Annexure B, the consortium will be disqualified and the Financial Proposal will be returned unopened to the Bidder. The Lead Bidder shall also be responsible for submitting the Bid Security, Pre-Performance Security and the Performance Security for the consortium. Where the Lead Bidder is a foreign entity, the Bid Security, Pre-Performance Security and the Performance Security, as the case may be, shall be issued by a financial institution in the Lead Bidder's country of origin, along with an endorsement from a local bank in Pakistan.		shareholding ratios in the consortium. The Bid Security, Pre-Performance Security and the Performance Security shall be issued by a financial institution in the respective Bidder's country of origin, along with an endorsement from a local bank in Pakistan or by Pay order. "	
14	ITB2. Eligible Bidders	2.7 It shall be mandatory to submit an alternative Letter of Intent to execute a consortium agreement.	Hangzhou Jinjiang Group Sanitation Services Company (Private) Limited	please clarify "an alternative Letter of Intent"?	If the Bidders are unable to submit a consortium agreement, they are required to provide a Letter of Intent.
15	ITB BIDDING FORM T3 – FORM OF POWER OF ATTORNEY	[In case of a foreign bidder – signed by the authorized signatory; witnessed by two male witnesses; notarized by Notary Public and attested by Pakistani Embassy / Consulate in the country of origin and adhesive stamped when brought into Pakistan and counter attested by Ministry of Foreign Affairs, Pakistan, provided that if any of the aforesaid requirements cannot be satisfied due to force majeure, Bidder will submit necessary supporting evidence with its Bid and will have continued obligation to ensure satisfaction of such	Hangzhou Jinjiang Group Sanitation Services Company (Private) Limited 	The POWER OF ATTORNEY, Affidavit and Integrity Pact need counter attested by Ministry of Foreign Affairs, Pakistan. The Pakistani Embassy in China does not provide such service.	Please provide evidence that they do not provide such service or a copy of receipt of documents submitted by you to the Pakistan Embassy in China. Alternatively, you can obtain attestation from MOFA Pakistan.

		formality/requirement, particularly if it is the Successful Bidder in which case such satisfaction of the relevant formality/requirement will be mandatory and a condition precedent to signing the Agreement which if not satisfied within the time period specified by the Employer, can lead disqualification of the Successful Bidder.]			
16	ITB34. Formation of Company by the Successful Bidder	34.1 As a key condition of the Bidding Documents, the Successful Bidder shall incorporate a wholly owned "special purpose vehicle / company" which shall be a locally registered company incorporated in accordance with the laws of Pakistan exclusively for the implementation of the Project. The Lead Bidder shall own at least 51% of the paid-up and issued capital of the Company and, additionally, in case of foreign Lead Bidder, a local Bidder shall own at least 20% of the paid-up and issued capital of the Company.	Hangzhou Jinjiang Group Sanitation Services Company (Private) Limited	34.1 Can Owner accept the modification to "As a key condition of the Bidding Documents, the Successful Bidder shall incorporate a wholly owned "special purpose vehicle / company" which shall be a locally registered company incorporated in accordance with the laws of Pakistan exclusively for the implementation of the Project. The Lead Bidder shall own at least 51% of the paid-up and issued capital of the Company."	NO CHANGE
17	ANNEXURE A – BASIC ELIGIBILITY CRITERIA	Bidders must provide performance certificate from the employer in performing similar services or sanitation services for all contracts during the last 3 years. The performance under the contracts must be of Integrated Municipal Solid Waste with at least 1 operational Material Recovery Facility (MRF) of 100 tons (minimum semi-automatic facility). If a Bidder has poor performance in any of the certificates, the Bidder will be disqualified and will also be disqualified if the Bidder intentionally misrepresents or hides such projects where the	Hangzhou Jinjiang Group Sanitation Services Company (Private) Limited 	Can Owner accept the modification to "Bidders must provide performance certificate from the employer in performing similar services or sanitation services for all contracts during the last 3 years. The Employer may require further	The requirement of one operational MRF has been removed.

		performance has been poor. The Employer may require further information in connection with the performance certificates.		information in connection with the performance certificates."	
18	ANNEXURE B – TECHNICAL AND FINANCIAL EVALUATION AND QUALIFICATION CRITERIA	2.4 Number of similar assignments with Capex/ Investment in excess of USD 15 million in last 10 years	Hangzhou Jinjiang Group Sanitation Services Company (Private) Limited	2.4 Can Owner accept the modification to "Number of similar assignments with operated projects with a contract amount exceeding 15 million US dollars in last 10 years	NO CHANGE
19	ANNEXURE B – TECHNICAL AND FINANCIAL EVALUATION AND QUALIFICATION CRITERIA	In case a Bidder or in case of a consortium, each consortium member of the Bidder, has undertaken prior work, which it has submitted for the purpose of evaluation pursuant to Annexure B - Technical and Financial Evaluation and Qualification Criteria, with a partner/ firm on a joint venture/ consortium basis, marks against such work will be allotted based on percentage of the Bidder in the overall consortium/ joint venture, as per official documentation.	Hangzhou Jinjiang Group Sanitation Services Company (Private) Limited	Delete	NO CHANGE
20	ANNEXURE B – TECHNICAL AND FINANCIAL EVALUATION AND QUALIFICATION CRITERIA	There cannot be more than 4 Consortium members.	Hangzhou Jinjiang Group Sanitation Services Company (Private) Limited	There cannot be more than 2 Consortium members.	NO CHANGE
21	Page 108 of RFP	2.9 Industrial Waste Collection: Design Machinery Weight & Trip	Hangzhou Jinjiang Group Sanitation Services Company (Private) Limited	Suggest changing the plan to: 25 cubic meter compression trucks should be transported at least twice a day; Hook arm cart should operate at least 6 times a day; The dump truck operates at least 4 times a day; Does the Flatbed Trailer (GTS-LFS) need to be	1. The proposed contract is based on a base year of 2025 , with a total contract duration of 9 years plus 1 year (9+1) . Given this long-term horizon, the client expects all prospective bidders to submit a comprehensive resource deployment plan that ensures sufficient coverage over the entire contract period.

				<p>equipped with a dump truck that can carry 40 tons at a time.</p>	<p>This includes adequate provisioning of backup machinery to address potential breakdowns and maintain uninterrupted operations.</p> <p>2. Regarding the 13 cubic meter compactors, the client allows flexibility in proposing alternative vehicles of similar function but differing volumetric capacities, provided that the aggregate volumetric capacity and tonnage align with the minimum requirements stipulated in the RFP.</p> <p>3. The bidder has proposed an arm hook cart operation with six trips per day; however, the actual number of trips will depend on the operational efficiency and logistics planning of the contractor. The RFP already provides a reference table to guide bidders on expected trip frequencies across different vehicle types.</p> <p>4. For transportation from the GTS to the landfill site, the use of flatbed trailers may be considered. However, it is important to note that flatbed use typically necessitates waste baling prior to transport. Alternatively, the use of a rolling floor system (approx. 40-ton capacity) with containerized vehicles may offer a more practical solution. That said, bidders are advised to evaluate the maneuverability and ground conditions of the landfill site to ensure that such large-capacity vehicles can be operated safely and efficiently.</p>
22	Page 112 of RFP	the proportion of recyclable materials	Hangzhou Jinjiang Group Sanitation Services Company 	<p>The RFP requires recyclable materials to be calculated based on a proportion of 32%. The actual proportion of recyclable materials is uncertain. If the proportion of</p>	<p>The RFP mentions the total potential of recyclables in the district which is around 664 tons per day. However the required MRF is 200 tons per day which is much lower than the total available potential of</p>

			(Private) Limited	recyclable materials is much lower than 32%, will the owner adjust the unit price of solid waste?	recyclables in district east. In addition we are asking for establishing 100 tons facility in first year. For further details, please refer to MRF section of the RFP.
23	Page 152 of RFP	Manual Sweeping in District East	Hangzhou Jinjiang Group Sanitation Services Company (Private) Limited	Are lanes, streets, and secondary roads required to be cleaned once a day?	<p>Manual sweeping is to be carried out three times a week on approximately 50% of secondary roads, streets, and wider lanes where access is feasible. For narrow lanes that are inaccessible to vehicles, bidders are required to deploy waste collection workers. These workers will operate on a daily basis:</p> <ul style="list-style-type: none"> • During the first half of the day, they will collect and remove waste from designated narrow lanes. • In the second half, they will also undertake manual sweeping in those same areas. <p>It is important to distinguish between the roles of waste collection workers and manual sweepers:</p> <ul style="list-style-type: none"> • Waste collection workers will be assigned to fixed beats, working consistently in the same areas each day. • Manual sweepers, on the other hand, will be assigned to selected beats that may vary or rotate. In commercial areas, due to higher footfall and waste generation, a dedicated sweeping resource shall be deployed on a daily basis to maintain cleanliness and hygiene standards.
24	Page 151 of RFP	Mechanical Sweepers Zone Wise Distribution	Hangzhou Jinjiang Group Sanitation Services Company (Private) Limited	The daily street/road cleaning workload is 153 kilometers, and RFP requires each area to be equipped with 1 machine sweeping vehicle and 1 sprinkler truck, and 5 machine sweeping vehicles and 5 sprinkler trucks.	1. The total proposed road length across the five towns of District East, as indicated on Page 151 of the RFP, is approximately 535 kilometers . Accordingly, it is expected that at least one mechanical sweeper shall be allocated per town to ensure adequate

				The workload is not saturated and resources are wasted. Can the optimize the plan?.	coverage. 2. However, as clarified during the pre-bid meeting, if the bidder's field-level assessment provides valid evidence that specific road segments are not suitable for mechanical sweeping, the client may allow those segments to be managed through manual sweeping , subject to approval. 3. It is also important to distinguish between mechanical sweeping , which is a routine and scheduled service , and mechanical washing , which is an occasional and need-based activity. Therefore, bidders are advised to ensure that dedicated machinery remains available in each town/district to fulfill these requirements without operational disruption.
25	Page 148 of RFP	Manual & Mechanical Sweeping	Hangzhou Jinjiang Group Sanitation Services Company (Private) Limited	This section explains the requirements for manual and mechanical cleaning. Is the cost of manual cleaning included in the unit price calculation for the residential waste collection and transportation ?	Yes, manual cleaning and manual sweeping is part of residential and commercial waste collection.
26	Page 103 of RFP	Storage System for Urban Residential Waste	Hangzhou Jinjiang Group Sanitation Services Company (Private) Limited 	Which kind of solid waste corresponds to 461 tons and 353 tons?	0.8 cubic meter bins are designated for general residential areas. These bins will be lifted using compactor vehicles and the waste may be transported to either a Garbage Transfer Station (GTS) or directly to a Landfill Site (LFS) , depending on the operational routing. In contrast, 240-liter bins are to be deployed in select residential areas identified as having high recyclable potential . Waste from these bins shall be collected using non-compaction

					vehicles , ensuring that recyclable materials remain uncompacted and suitable for recovery at material recovery facilities.
27	16 Clause Eligible Bidders page 2.6	The Lead Bidder shall also be responsible for submitting the Bid Security, Pre-Performance Security and the Performance Security for the consortium. Where the Lead Bidder is a foreign entity, the Bid Security, Pre-Performance Security and the Performance Security, as the case may be, shall be issued by a financial institution in the Lead Bidder's country of origin, along with an endorsement from a local bank in Pakistan.	Kagnjie Group	Kindly make an amendment "The Bid Security shall be submitted by the Lead Bidder on behalf of the consortium or by each member of the consortium according to their respective shareholding percentage of the consortium. The Bid Security shall be issued by a financial institution in the respective Bidder's country of origin, or with an endorsement from a local bank in Pakistan or by providing the form of pay order from local bank in Pakistan in order to allow international enterprises to bid flexibly,."	NO CHANGE
28	69 ANNEXURE B page	ANNEXURE B – TECHNICAL AND FINANCIAL EVALUATION AND QUALIFICATION CRITERIA	Kagnjie Group	Whether the bidder be allowed to share the performance or reference of its holding subsidiary company ?	Yes, provided that the bidder can demonstrate majority shareholding (typically at least 51%) or effective control over the subsidiary. This must be supported by documentary evidence, such as shareholding records or management/shareholder agreements. In addition, we will require a formal authorization from the subsidiary permitting the use of its experience, along with a declaration from the bidder confirming its control and responsibility over the claimed credentials
29	73 page	In case a Bidder or in case of a consortium, each consortium member of the Bidder, has undertaken prior work, which it has submitted for the purpose of evaluation pursuant to Annexure B - Technical and Financial	Kagnjie Group	The Consortium must collectively meet not less than 70% of all qualifying criteria given above. This two clauses are contradictory. Please clarify them.	The clauses referred are very clear and self explanatory.

		Evaluation and Qualification Criteria, with a partner/ firm on a joint venture/ consortium basis, marks against such work will be allotted based on percentage of the Bidder in the overall consortium/ joint venture, as per official documentation.			
30	67 page EXPERIENCE	The performance under the contracts must be of Integrated Municipal Solid Waste with at least 1 operational Material Recovery Facility (MRF) of 100 tons (minimum semiautomatic facility). If a Bidder has poor performance in any of the certificates, the Bidder will be dis-qualified and will also be disqualified if the Bidder intentionally misrepresents or hides such projects where the performance has been poor. The Employer may require further information in connection with the performance certificates.	Kagnjie Group	This performance criteria has not been seen in previous bidding processes in overall of Pakistan. This clause is too harsh for the bidders, The procuring agency will disqualify the bidders who has no experience in this field. Whether the bidder can submit a satisfactory feasibility proposal in the technical bid as the standard of implementation during the contract period.	Refer to our response at serial no.17.
31	69 page ANNEXURE B	1.3 Should own or have managed Compactors, Arm Roll Trucks, Loaders, Excavators, Mini-tippers and Flatbed trucks for at least 5 years, as part of municipal solid waste management operations.	Kagnjie Group	Can procuring agency adjust the purchasing years from 5 years to 3 years ? as some new equipment purchased after 2020.	NO CHANGE
32	70 page ANNEXURE B	2.1 Number of years in Integrated Municipal Solid Waste operations (No. of effective years considered for evaluation will be ones where the Company must have managed municipal solid waste equal to or in excess of 3,000 tons per day)	Kagnjie Group	Whether the performance is the 3000 daily cumulative amount can be multiple from different projects?	The requirement can be met by accumulating tonnage from multiple projects.
33	70 page ANNEXURE B	2.2-2.3 Number of similar assignments completed/in- progress by the Bidder in the last 10 years in cities/ districts/ provinces/ any other locality with	Kagnjie Group	How to prove the population? What kind of documents is required to prove the population,	The contract is in tonnage so it is assumed that per capita waste generation is used to calculate the daily waste generation of any said area or city.

		justifiable and provable demarcation and population, with population of > 5 million and > 2 million		as normally In China, contract not mentioning the population.	Applying this formula the bidder should be able to calculate the population. Or else may provide the record of population from an institution like Pakistan Bureau of Statistics.
34	71 page ANNEXURE B	2.4 Number of similar assignments with Capex/ Investment in excess of USD 15 million in last 10 years	Kagnjie Group	What documents are required for a \$15 million investment?	Please refer to Annexure B - Section 2.4 (Evidence).
35	70 page ANNEXURE B	2.1 -2.5	Kagnjie Group	Score method 2.1-2.5, If the same performance meets the requirements of each scoring item at the same time, can it be scored repeatedly?	Clause 2.4 of Annexure B requires 2 or more assignments.
36	72 page ANNEXURE B	Financial	Kagnjie Group	over last 3 years financial reports required to counter attested by Ministry of Foreign Affairs, Pakistan and The Pakistani Embassy in China. therefore, can procuring agency delete the requirement of internationally recognized accounting firms?	NO CHANGE
37	72 page ANNEXURE B	Financial	Kagnjie Group	The Year 2024 financial auditing report of the listed company is expected to be issued in the month of June 2025 from accounting firm. The bidder can submit the years 2021-2023 financial auditing reports, and report for 2024 will be submitted later	Agreed
38		Foreign bidders are required to submit the attestation documents by Ministry of Foreign Affairs, Pakistan and The Pakistani Embassy in China.	Kagnjie Group	In China, normally ,the procedure of translation of required documents and attestation from different departments will take at least 60 days of time. can bidder officially submit the undertaking and later on provide the attested documents.	Yes together with evidence that you have submitted documents for translation and attestation, i.e. copy of receipt issued by the relevant official in any case before signing of the contract.
